Education's purpose is to replace an empty mind with an open one.

Mr. Sanjaybhai J. Baldaniya,

**M.D. - Sunrise Group
(98241 45453)**

If our school is a pen, the parents are the ink; joining together we can write the success story of educational development of our children.

The purpose of education is not just to produce academicians but also to develop humane and sensitive citizens. At Seven Steps School we ensure that a congenial environment for learning is maintained while making sure that children have enough opportunities to develop their personal and interpersonal skills.

Our teachers are well qualified & share a passion for teaching, thereby bringing out the best in both themselves and their students. We edify our students in classical as well as contemporary models of learning while giving them a solid foundation in cultural insights of the world.

We offer our students a stress-free learning environment which encourages creativity and critical thinking. Our unique teaching and learning process with a proper blend of theory and practice crosses the boundaries of nations towards global excellence.

Mr. ALPESH D. VALA

**Branch head

An education of the highest quality is the greatest gift that parents can give to their children. The next global generation will need exceptional academic & intellectual creativity to take on position of leadership & address many challenges that our world faces. That's why Seven Steps School is always passionate about offering children an exciting, stimulating as well as attractive curriculum for learning & growth. Also, We follow concept of T3: Teaching methodology, Teacher & Technology.

Education is not preparation for life; education is life itself.

The aim of education should be to teach us rather how to think, than what to think — rather to improve our minds, so as to enable us to think for ourselves, than to load the memory with thoughts of other men. Our distinctive academic programs and innovative teaching methodologies encourage students to develop critical thinking and learn through inquiry and reason.

Mr. Hiren Baldaniya

Education is the key to unlocking the world, a passport to freedom.

Mrs. Komal Shah,
Principal (9904415333)

At Seven Steps School, we recognize that social/emotional development is as essential to student success as academics. Teachers provide a nurturing environment in which young adolescents can learn, take risks, and thrive. Activities for the school year will evolve from our school theme – Transforming Education, Transforming Lives. Our caring and committed teachers are our pillars of strength. They teach our children not just with their minds but with their hearts.

Education is not the learning of facts, but the training of the mind to think !

Mrs. Preeti Rawat

“I cannot teach anybody anything. I can only make them think.”— Socrates rightly said that

“The whole purpose of education is to teach the child to think and not what to think”. We at Seven Steps School believe that this is the fundamental truth and it has always been our practice to instill right values in the students so that they develop a holistic personality and are ready to take on the challenges head on once they step out of the gates of the school.

Seven Steps School activities and education should instill a sense of social responsibility. This school believe in preparing students not only academically but also morally, with an understanding of their role in contributing to a just and equitable society.

Mrs. Nancy Shah

Chairman Of Health Committee SMC

I Nancy shah would advocate for a system where all students have equal access to quality education, irrespective of socio-economic background. The emphasis would be on reducing educational disparities and ensuring that every student has the opportunity to thrive. Community Engagement: The socialist viewpoint values community collaboration and participation. Seven Steps School activities should promote a sense of belonging and community engagement, fostering an environment where students, teachers, and parents work together for the common good.

Dr. Apoorav Shah

As a child specialist doctor I may emphasize a seven steps school management system that prioritizes a holistic approach to education, focusing on the overall well-being of students. This includes a balance between academic excellence, physical health, and emotional development. Additionally, they may support schools that foster a positive and inclusive environment to promote optimal growth and learning for children.

Aims & Objectives

Our Vision

At Seven Steps School, we recognize the imperative of imparting an educational experience that is world-class in every respect and which prepares children for global citizenship. We are a school with an Indian mind, an Indian heart and an Indian soul; a school that celebrates the culture of excellence and is an embodiment of values. We believe that a curriculum of excellence with a global dimension is centre to the education of children to face the challenges of the 21st century with confidence and strength of character.

Our Mission

Seven Steps School mission is to provide a learning environment that encourages children to bring out the best in themselves and enables their all-round development through the joy of learning, enduring values and the celebration of diversity.

Our Motto

Seven Steps School only motto is to Shape child's Dream For Their Future.....

Our Values and Attributes

Our values and attributes, which align with our guiding statements, are integral to creating a school culture and climate to realize our educational goals.

Cleanliness	Compassion	Commitment
Determination	Honesty	Integrity
Perseverance	Respect	Responsibility
Self-Discipline	Teamwork	Trust

We commit Ourselves to

Seven Steps School , including all of our schools , is committed to acting on our new vision , mission and values statements. These new statements that emphasize student success and well being reflect the future focused and innovative organization that we are today .

We Believe in

Learning is the foundation of all we do. Integrity and fairness are key pillars for student growth. Confident, adaptable and resilient students are successful students.

PRE PRIMARY EDUCATION

Pre-primary education in India provides a culturally sound environment for the children and instills the right values to help them grow both mentally and physically. ... By creating a formal learning environment for children, pre-primary school education helps them to understand the importance of learning and discipline.

PRIMARY EDUCATION

Primary education provides learning and educational activities typically designed to provide students with fundamental skills in reading, writing and mathematics and to establish a sound foundation for learning and solid understanding of core areas of knowledge and personal development, preparing for lower secondary education.

SECONDARY EDUCATION

Secondary education is an important segment in every person's life. It also serves as a means to potentially empower girls, raise a person's economic status and reduce infant mortality rates.

HIGHER SECONDARY EDUCATION

“The content of a book holds the power of education and it is with this power that we can shape our future and change lives.

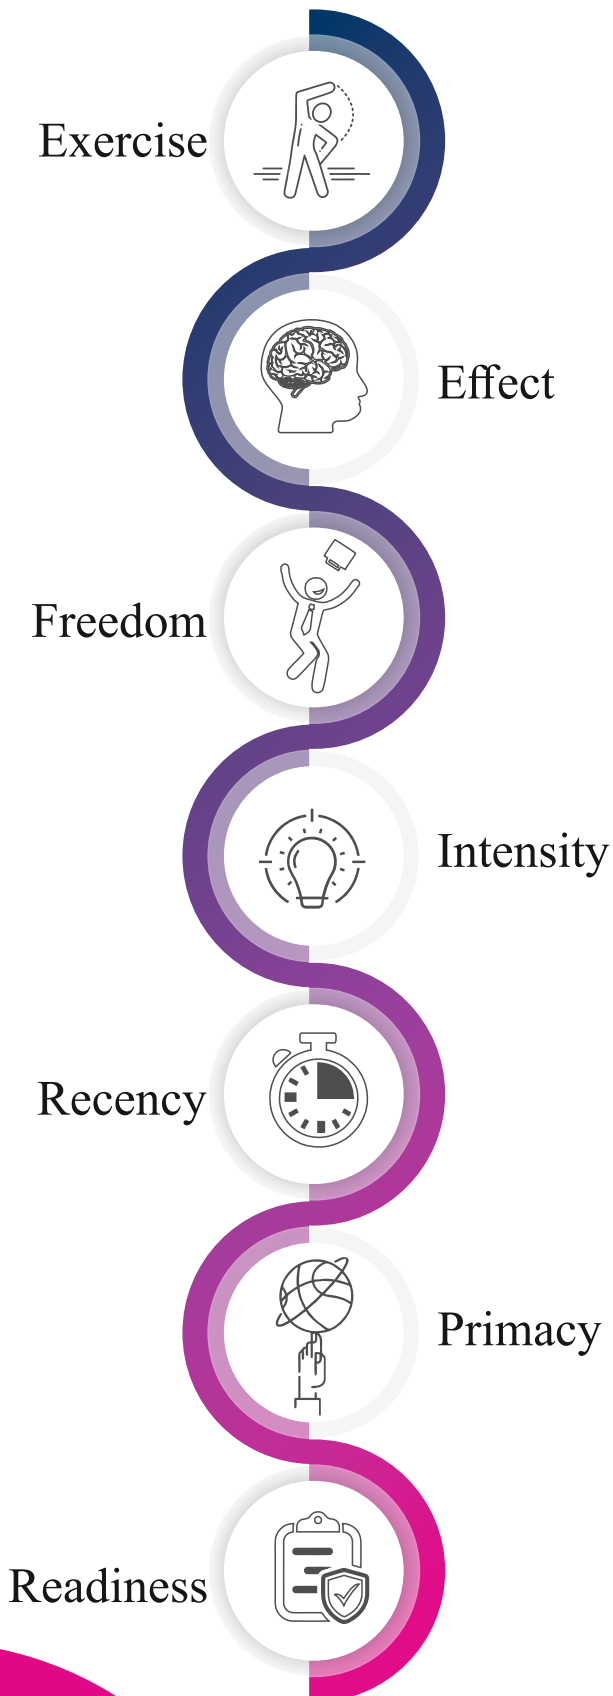

What makes **SEVEN STEPS SCHOOL** **TRULY DISTINCTIVE?**

The SEVEN STEPS SCHOOL Curriculum Model

The **SEVEN STEPS SCHOOL** Curriculum Model represents the School's commitment to optimize teaching and learning, and facilitate children's holistic development and well-being. Through a curriculum that is stimulating, creative and an environment that is safe and child-centered, we enable the learner to explore multiple dimensions of excellence, encompassing intellectual, social, emotional and physical development. There is equal emphasis on academic rigour and engagements beyond the classroom through a wide spectrum of opportunities.

The School's guiding statements underpin the facts that cherishing one's own culture and respecting that of others, as well as values-based learning, are pivotal to holistic education. The educational programmes at the School focus on inculcating in the learner seven key attributes: Developing skills interest, Discipline, Encouraging creativeness, Relationship oriented school climate, Imparting positive attitude, Motivating consistent learning, Excellence in Education.

All the elements in our curriculum model converge to bring out the best in every child and enable them to be on the path of continuous development and progress.

Student Well-Being

We recognize the importance of meeting the unique learning needs of every child by providing a safe, supportive and respectful environment. Through individualized attention that appreciates children's learning styles and differing abilities, by helping them cope with emotional challenges and by providing them guidance to select higher education pathways, we work for their well-being, within the school and beyond.

At SEVEN STEPS SCHOOL we place emphasis on helping students develop essential life skills so they are better prepared for the opportunities, responsibilities and experiences throughout their life.

Teaching and Learning

The SEVEN STEPS SCHOOL curriculum uses a variety of engaging teaching and learning methodologies that challenge and motivate learners to excel. It focuses on nurturing in them knowledge and skills essential for success in the 21st century. Inquiry-based and application-oriented approaches across all subjects and age groups enable students to learn about and respect a range of ideas, independently and collaboratively with others. It helps them develop new perspectives and take responsibility for their learning.

Our teachers make use of project-based learning, brainstorming, role play, interactive lab experiments and self and peer evaluation, to make learning more engaging and effective.

Our educational programs help students:

- To develop confidence to work with information and ideas – their own and those of others.
- To take responsibility for themselves and their actions and be respectful of others.
- To become reflective learners and be able to identify their ongoing learning needs.
- To be creative, innovative and fully equipped for future opportunities and challenges.
- To be articulate, effective communicators, and to express themselves appropriately.
- To empathize with others and understand and appreciate diversity.

Holistic Development

A holistic approach to teaching and learning is important for the physical, emotional, intellectual creative, spiritual and social well-being of children, and to develop them as well-rounded individuals. At SEVEN STEPS SCHOOL, we lay emphasis on experiential and exploratory methods of learning, well beyond the classroom, as well as espouse the appreciation and practice of our school's values and attributes.

We constantly ensure that holistic approaches to teaching and learning are achieved in multiple ways - ongoing review of curriculum, introduction of new subjects, the breadth of sports and co-curricular activities, and the regular upgrading of infrastructural facilities and resources.

In the classroom, students present their work by way of presentations, role plays, small skits and impromptu debates. The lessons are explained practically for long term knowledge of students. The students have many out-of-classroom activities and experiences such as karate, dance , yoga & meditation , skating , chess and many more. Community service encourages children to understand the challenges faced by the less-privileged and sensitizes them to the importance of being compassionate.

ACTIVITIES AND COMPETITIONS

Yoga

Yoga Is A Disciplined Method Utilized For Attaining A Goal. Keeping In Mind The Health Of Our Students Along With Education, We Started Yoga Classes For All The Students. By Which They Develop Growth Mentally And Physically.

Dance

Keeping In Mind The Tradition Of Our State, We Give A Regular Dance Practice To Our Students, We Conduct Dance Competitions And To Encourage Our Students we Appreciate Them With Prizes.

Karate

As An Option For Self Protection We Teach Karate To Our Students. Karate Is A Striking Art Using Punching, Kicking, Knee Strikes, Elbow Strikes And Open Hand Techniques Such As Knife- Hands, Spear-Hands And Palm Heel Strikes.

Skating

Skating is one of the favourite activity by most of students. It works nearly every muscle group in the body, and gliding requires synchronized movement of the legs, which is important for joint flexibility. It also builds up the leg and abdominal muscles.

ACTIVITIES AND COMPETITIONS

Indoor Games

Indoor games provide entertainment and relaxation for children. Besides, they will improve children's hand-eye coordination, critical thinking and cognitive abilities. They will also be able to know the value of sportsmanship and discipline while playing indoor games.

Assembly

School assembly clarifies school activities and lays out program focusing on the co-curricular activities

. It simply strengthens the way a school works. It is conducted every Wednesday with a complete and active participation of the students, and the teachers.

Outdoor Games

Playing outside allows kids to develop more advanced motor skills than children who spend most of their time indoors, including agility, balance and coordination. Kids who spend time playing outdoors are more likely to move in ways that challenge their muscles, bones and physical endurance.

Maths Club

The Purpose of Math Club is to develop students' level of Math skills and knowledge. This will be accomplished by using games, activities, and mock competitions. Students will cooperatively work to complete Logic and Math Puzzles.

Celebrations & Festivals

15th August

At seven steps we celebrate the Independence Day on 15th August every year. The Chief guest and the teachers will talk on the importance of 15th August and how our nation became an Independent nation on 15th August 1947.

26th January

At SEVEN STEPS we celebrate Indian Republic Day by thanking those who lost their lives for us. Let us thank them for giving us a safe country. Get together, be the strength of the nation and help it reach greatest heights! Best wishes on this Republic Day.

Convocation Day

We celebrate Convocation Day ceremony for Sr. KG. The innate feeling for students of pride and accomplishment as they walk across the stage to receive their pre school diploma, this was so amazing. From the tassel on the graduation cap to hearing the ceremonial music of pomp and circumstance for the first time, graduation is the special moment.

Teacher's Day

Because of your wise counsel and guidance we are emboldened and now face the future with much confidence from all the lessons both formal and informal that we earned from you. We truly appreciate your efforts dear teacher and celebrate you today. Happy Teacher's Day.

Navratri Celebration

We celebrate Navratri for our students and also organize GARBA COMPETITION in which mothers and teachers can also participate. Our mothers and teachers performed garba very energetically.

Janmashtami

Sweeter than honey, tastier than curd, pleasanter indeed than any happiness and joy is the company, is the power of the name of Krishna. The birthday of Lord Krishna is celebrated with great devotion and enthusiasm, on this Janmashtami day, in India. Krishna Janmashtami, also known as Krishnashtami, is observed on the Ashtami tithi, the eighth day of the dark half or Krishna Paksha of the month of Shraavana. Lord Krishna is known world wide and celebrated as an avatar of God Vishnu

Vasant Panchami

We celebrate Vasant Panchami with our Seven Steps Family by doing worship of Goddess Saraswati and also celebrated in school, in which our little kids prayed to God Saraswati.
